What can we provide to you?

As an authorized dealer for Canon & Copystar office products as well as a Dell business partner we can provide you with all of the necessary products, training and support to simplify how documents are created, distributed, produced, archived and retrieved in your business. If you are like many businesses looking to improve your infrastructure during this economic downturn and take advantage of the available technologies to save costs and improve performance, we can assist there as well by implementing one of our many integrated solutions. With a combined total experience of over 80 years in the industry, we are confident that we can provide you with all the information you need to make an informed decision. Please call us for a free onsite consultation/evaluation with no obligation.

Service & Support

Whether it's a copier, printer or a problem computer, it's all about service! As a service based organization, we use all of the available technologies to provide you with the fastest response times both onsite and remotely to resolve your issues. We can provide our services to you on a T&M basis or custom tailor a low cost service contract. Finally and most important, you will find that our staff is professional, courteous and ready to help and all support, training and accounting issues are handled here locally in Soquel.

Canon's New imageRUNNER 3225, 3230, 3235 & 3245!

Canon's new IR32XX series puts powerful new features at your finger tips! These systems deliver black/white documents from 25 to 45 pages per minute (ppm). Need Color? No problem, the IR32XX provides full color scanning at blazing speeds. This product is a perfect solution for users wanting to copy & print in monochrome but scan in color when needed. The IR32XX also comes standard with Canon's UFR (Ultra Fine Rendering) network printing at no extra charge. With the optional USB connectivity kit you can scan to and print from any USB thumb drive and fill in all the blanks with our new full QWERTY keyboard.

Want to scan to email or a to a workstation? No problem, Scan to email and have your document automatically converted to a PDF file with the touch of a key using Canon's Universal Send option. Just a few of the many features available on the new IR32XX Series.
